Why LTC coverage may be a better option

Consider a linked benefit policy

Unlike a traditional long-term care policy, a linked benefit policy offers more than just LTC benefits - it's linked to a life insurance policy with a death benefit typically equal to or more than premiums paid. That means a benefit is paid whether you need LTC or not.

Let's take a closer look:

A linked benefit policy

The policy is an asset that's not tied to the market so it's ready anytime to provide funds for potential LTC needs²

LTC benefits

The amount you receive each month to help pay for your long-term care needs.

Death benefit

The death benefit preserves this asset for the beneficiaries to the extent that LTC is not needed and typically returns at least the premium paid or more if LTC benefits have never been paid.

Liquidity

The policy will remain a liquid asset in the form of the cash surrender value

²The insured must meet LTC claims requirements.

2. LTC Rider Premium- \$5,507.83
3. LTC Extension of Benefits Premium - \$12,598.02
4. LTC Inflation Protection Rider Premium - \$31,185.99

Narrative Summary

Proposal Details (continued)

Guaranteed Minimum Death Benefit - \$21,143 is 20% of the Specified Amount quoted. As long as your policy stays in force, we guarantee we will pay your beneficiaries a death benefit, even if the death benefit amount quoted is exhausted by the payment of LTC benefits. This death benefit will be lower if loans or partial surrenders are taken.

Inflation Protection Option (Long-Term Care Fixed Rate Inflation Protection Rider Form # ICC18-NWLA-586) - Nationwide CareMatters II offers Inflation Protection Options of either 3% Simple, 3% Compound, 5% Compound or the U.S. Medical Care Inflation Option. You have elected the 3% Compound inflation option. The monthly benefit provided by the Inflation Protection Rider is not included in the Total LTC Benefit Amount. This rider must be selected at the time of application and can't be changed after issue.

LTC Specified Benefit Period - 6 years is the benefit period you have selected. This represents the total period of time LTC benefits may be paid under your policy if the Maximum Monthly LTC Benefit is taken continuously. This includes a 2 Year LTC Rider Specified Acceleration Period and a 4 Year LTC Extension of Benefits Rider Specified Extension Period. Your specified benefit period must be selected at the time of the application and may not be changed after issue. However, taking less than the Maximum Monthly LTC Benefit may extend the length of time over which benefits are payable.

LTC Extension of Benefits Rider (Form # ICC18-NWLA-585) - Is the rider that provides benefits once the benefits provided by the LTC rider are exhausted.

Informal Care - Benefits can be used to pay a family member, or any other individual deemed appropriate by the Licensed Health Care Practitioner under the insured's customized Plan of Care. Under certain circumstances, benefits may be taxable. Please consult a tax advisor.

International Benefits - If you are receiving Qualified Long-Term Care services outside of the United States, its territories or possessions, the International LTC benefit payments can be the Maximum Monthly LTC Rider Benefit Amount and the monthly inflation amount. International benefits are not available under the LTCEB rider. Please refer to the client guide for further information on this benefit.

IRC Section 7702 - Provides the rules for the tax qualification of life insurance. The CVAT test requires we pay a minimum death benefit based on Corridor factors. These factors are defined in section 7702 of the IRS code, and are dependent upon age, class, gender, and rating. If the amount calculated using these Corridor factors in the CVAT is greater than the Specified Amount, then the "Death Benefit" is that higher amount as calculated.

IRC Section 7702B - Provides the rules for the tax qualification of life insurance. The LTC Rider and the LTCEB Rider are intended to be qualified long-term care insurance contracts under Section 7702B of the Internal Revenue Code of 1986, as amended.

This amount is in addition to the Maximum Monthly LTC Benefit. Please consult your policy specification pages for details.

Key Policy Features & Terms (continued)

Modified Endowment Contract (MEC) - This proposal is a MEC as defined by the guidelines of a MEC as defined by Section 7702A of the Internal Revenue Code. A life insurance policy where premium payments made during the first seven years of the contract, or during the first seven years after a material change, exceed the Modified Endowment Premium limit as defined by section 7702A of the Internal Revenue Code. Withdrawals and loans from these contracts are subject to less favorable tax treatment than distributions from policies which are not Modified Endowment Contracts. This does not apply to distributions for LTC benefits.

Nationwide Care Guide Network® - Is a service provided by a non-affiliated third party and included at no additional charge. It provides policy owners, insureds and their family members, with free consultations and tailored information to help implement your plan of care. You have no obligation to use these services which are currently provided through a non-affiliated third party. There is no separate additional charge for this service. This service is subject to availability.

Net Surrender Value - Is the Cash Surrender Value of this policy minus any indebtedness and minus the Unpaid Monthly Deductions Account if applicable.

Net Death Benefit - Is the death benefit amount that will be paid to your beneficiary if the insured dies while the policy is in-force. This amount is net of any outstanding Policy Indebtedness and LTC benefits paid. Assuming no Loans, Partial Surrenders or LTC Benefits have been paid, this amount will never be less than the total Premiums paid. The Net Death Benefit may be higher in some years based on the Specified Amount, Accumulated Value, Guaranteed Cash Value, Return of Premium Value, and the IRC 7702 corridor factors.

Partial Surrenders - Is the amount of money withdrawn during the policy year. Partial Surrenders will result in the reduction of the Cash Surrender Value, Death Benefit, Total LTC Benefit and Monthly LTC Benefit.

Scheduled Premium - Is the amount of Premium required on the first day of the premium payment frequency for the Premium Payment Period you selected.

Surrender Charges - Is the amount deducted from the Accumulated Value in the event the policy owner surrenders the policy for cash during the applicable period. At no time will the deduction of the surrender charge cause the policy owner to owe additional funds to Nationwide.

Total Monthly Benefit - is the total benefit amount available to you every month. If an inflation protection option is elected, the Total Monthly Benefit you receive will be the Maximum Monthly LTC Benefit plus the Maximum Monthly Inflation Benefit. The full Maximum Monthly LTC Benefit must be taken before the Inflation Protection Rider Benefit is available.

Total Received On Surrender - The total dollar amount that will be paid upon surrender of the policy. The Total Received on Surrender is equal to the Net Surrender Value plus any Refund of Premium amount provided by the Refund of Premium option elected.

*The Max Monthly LTC Benefit + the Max Monthly Inflation Rider Benefit at age 80 = The Total Monthly Benefit available at age 80. The full Max Monthly LTC Benefit must be taken before the Monthly Inflation Rider Benefit can be taken. The benefit provided by the Inflation Rider will not be added to, nor will it increase or decrease the Total LTC Benefit, the Maximum Lifetime LTC Rider Benefit Amount, the Maximum Lifetime LTCEB Rider Benefit Amount or the lifetime Total Maximum Amount of LTC Benefits.

**The values shown assume you collect the full amount of LTC Benefits continuously for the full LTC Specified Benefit Period you elected at the beginning of Day 1 or age 80 and you are receiving qualified LTC services in the United States. Any Monthly Inflation Rider Benefit not taken in a given month will be forfeited. Benefits shown are cumulative over the LTC Specified Benefit Period you elected.

***The Inflation Crossover Age is the age that the Total Monthly Benefit is equal to or greater than the Max Monthly Benefit with no inflation added.

All guarantees and benefits of the insurance policy are backed by the claims-paying ability of the issuing insurance company. Policy guarantees and benefits are not backed by the broker/dealer and/or insurance agency selling the policy, nor by any of their affiliates, and none of them makes any representations or guarantees regarding the claims-paying ability of the issuing insurance company. Nationwide CareMatters II is a cash indemnity product that pays LTC benefits when the insured person is certified to have a qualifying condition and a need for LTC services. Bills and receipts showing actual expenses do not have to be submitted for payment of benefits once a claim has been approved. Each year, the policy owner can receive, tax free, the greater of the HIPAA per diem amount or actual LTC costs incurred. However, benefits may be taxable under certain circumstances. You may receive, tax free, the greater of the HIPAA per diem in the year of your claim or your actual qualified LTC expenses incurred. Taxpayers should consult with their tax and legal advisors about their specific situation.

Keep in mind that the payment of long-term care rider benefits, as an acceleration of the death benefit, will reduce both the death benefit and cash surrender values of the policy. Additionally, loans and withdrawals will also reduce both the cash values and the death benefit. Care should be taken to make sure that life insurance needs continue to be met even if the rider pays out in full or after money is taken from the policy. There is no guarantee that the rider will cover the entire cost for all of the insured's long-term care, as this may vary with the needs of each insured. Nationwide pays the long-term care benefit to the policy owner; there is no guarantee the policy owner will use the benefit for long-term care expenses if the policy is owned by someone other than the insured.

When choosing a product, make sure that life insurance and long-term care insurance needs are met. CareMatters II is not intended to be a primary source of life insurance protection, so make sure life insurance needs have been covered by appropriate products. Because personal situations may change (i.e., marriage, birth of a child or job promotion), so can life insurance and longterm care insurance needs. Care should be taken to ensure these strategies and products are suitable. Life insurance, and long-term care coverage linked to life insurance, has fees and charges associated with it that include: costs of insurance, which vary based on characteristics of the insured such as sex, tobacco use, health and age; and additional charges for riders that customize a policy to fit individual needs.

CareMatters II has exclusions, limitations, reductions of benefits and terms under which the product may be continued in force or discontinued. For more details on cost and coverage options, contact your insurance professional.

NOTICE TO BUYER: THE RIDERS DESCRIBED IN THIS OUTLINE MAY NOT COVER ALL THE COSTS ASSOCIATED WITH LONG-TERM CARE INCURRED BY THE BUYER DURING THE PERIOD OF COVERAGE. THE BUYER IS ADVISED TO REVIEW CAREFULLY ALL POLICY AND RIDER LIMITATIONS.

CAUTION: The issuance of the Long-Term Care Rider (“LTC Rider”) and Long-Term Care Extension of Benefits Rider (“LTCEB Rider”), if elected, (together, “Riders”) described in this outline is based upon your responses to the questions on your application. A copy of your application is enclosed. If your answers are incorrect or untrue, Nationwide Life and Annuity Insurance Company (“Nationwide”) has the right to deny benefits or rescind these Riders. The best time to clear up any questions is now, before a claim arises! If, for any reason, any of your answers are incorrect, contact us at the address above.

These Riders are attached to an individual Policy of life insurance.

PURPOSE OF OUTLINE OF COVERAGE. This Outline of Coverage provides a very brief description of the important features of the LTC Rider and LTCEB Rider. You should compare this Outline of Coverage to outlines of coverage for other riders available to you. This Outline of Coverage is not the insurance contract, but only a summary of coverage. Only the Riders, and the individual life insurance Policy to which they are attached, contain governing contractual provisions. This means both the Policy and Riders themselves set forth, in detail, the rights and obligations of both you and Nationwide. It is, therefore, important that you **READ YOUR POLICY AND RIDERS CAREFULLY.**

FEDERAL TAX CONSEQUENCES. THE LTC RIDER AND LTCEB RIDER ARE BOTH INTENDED TO BE A FEDERALLY TAX-QUALIFIED LONG-TERM CARE INSURANCE CONTRACT UNDER SECTION 7702B OF THE INTERNAL REVENUE CODE OF 1986, AS AMENDED. **Benefits paid under these Riders may be taxable, depending on your specific circumstances. As with all tax matters, you should consult your personal tax advisor to assess the impact of this benefit.**

TERMS UNDER WHICH THESE RIDERS MAY BE CONTINUED IN FORCE OR DISCONTINUED.

RENEWABILITY. The Policy these Riders are attached to is noncancellable. This means you have the right, subject to the terms of your Policy, to continue your Policy as long as you pay your Scheduled Premium on time. Nationwide cannot change any of the terms of your Policy on its own and cannot change the Scheduled Premium you currently pay.

WAIVER OF PREMIUM. These Riders do not contain a waiver of premium provision. However, if the Accumulated Value has been reduced to less than the required monthly deductions while Rider benefits are being received, any monthly deductions that would otherwise cause the Accumulated Value to be less than zero will be waived. Depending on the Premium Payment Period elected, the Waiver of Premium Endorsement may be available at time of issue. This endorsement waives Premium for the LTC Rider, LTCEB Rider, and LTC Inflation Protection Rider while the Insured is receiving long-term care benefits.

TERMS UNDER WHICH THE COMPANY MAY CHANGE PREMIUMS. These Riders are attached to a fixed premium universal life insurance policy which requires payment of all Scheduled Premium as stated in the Policy Specification Pages. The amount of the Scheduled Premium is fixed at issue, so we can never increase the Scheduled Premium for the Policy and attached Riders.

TERMS UNDER WHICH THESE RIDERS MAY BE RETURNED AND PREMIUM REFUNDED. To be certain that you are satisfied with these Riders, you have a thirty day “free look.” Within thirty days after you receive these Riders, you may return it to our Home Office or to the representative who delivered it. We will then void these Riders and the Policy as if it had never been in force and refund to the Policy Owner all Life Insurance Premium and Total LTC Premium paid, including any fees and charges.

Partial Refund of LTC Premium on Surrender

Based on the refund of premium option elected, you may be entitled to a partial refund of premium upon Surrender, if the total Scheduled Premium paid less partial Surrenders multiplied by the Premium Refund Percentage, exceeds the greater of the Cash Surrender Value or the LTC Benefits Paid, the excess amount is refunded up to the Total LTC Premium paid.

Partial Refund of LTC Premium on Death

Based on the refund of premium option elected, you may be entitled to a partial refund of premium upon the death of the Insured, if the total Scheduled Premium less partial Surrenders, exceeds the greater of the death benefit or LTC Benefits Paid, the excess amount will be refunded up to the Total LTC Premium paid.

THESE RIDERS ARE NOT MEDICARE SUPPLEMENT COVERAGE. If the Insured is eligible for Medicare, review the “Guide to Health Insurance for People with Medicare” available from us upon request. Receipt of benefits under these Riders may adversely affect your eligibility for governmental benefits or public assistance programs such as Medicaid. Neither Nationwide Life and Annuity Insurance Company nor its agents can represent Medicare, the federal government, or any state government.

LONG-TERM CARE COVERAGE. These Riders are designed to provide coverage for one or more necessary, or diagnostic, preventive, therapeutic, rehabilitative, Maintenance or Personal Care services, provided in a setting other than an acute care unit of a Hospital, such as in a nursing home, in the community or in the home. These Riders provide coverage in the form of a fixed dollar cash indemnity benefit for Qualified Long-Term Care Services, and is subject to an Elimination Period, limitations, and exclusions described in these Riders.

BENEFITS PROVIDED BY THESE RIDERS. These Riders interact with the Policy to which they are attached. Upon meeting the eligibility requirements for payment of benefits, we will pay a monthly benefit for the elected period, to the Policy Owner while the Insured is receiving Qualified Long-Term Care Services. The monthly benefit amount is not based on the number of days of services received and is not based on actual expenses incurred.

The LTC Rider provides for acceleration of the Policy Specified Amount until that Rider’s benefit limit has been reached. The LTCEB Rider, if elected, extends the benefits provided by the LTC Rider after the LTC Rider’s benefit limit has been reached, up to the Lifetime Total Maximum Amount of LTC Benefits. The Policy Owner has the option to receive a monthly Rider benefit payment equal to or less than the maximum monthly Rider benefit amount. However, the monthly Rider benefit payment requested must be greater than or equal to the minimum monthly Rider benefit amount stated on the Policy Specification Pages, or no less than as required by applicable laws and regulations in the State of Issue.

LTC Rider Benefit Amounts:

Maximum Lifetime LTC Rider Benefit Amount. The maximum benefit payable under the LTC Rider. It is the Policy Specified Amount multiplied by the quantity (Cash Surrender Value minus Indebtedness) divided by the Cash Surrender Value. The initial Maximum Lifetime LTC Rider Benefit Amount is stated on the initial Policy Specification Pages.

Maximum Monthly LTC Rider Benefit Amount. The maximum monthly benefit payable under the LTC Rider. The Maximum Monthly LTC Rider Benefit Amount is based on the Policy Specified Amount, and is calculated by dividing the Maximum Lifetime LTC Rider Benefit Amount by the number of months you elected on the application to receive LTC Rider benefit payments. It is stated on the Policy Specification Pages. The initial Maximum Monthly LTC Rider Benefit Amount is set on the Policy Date.

LTCEB Rider Benefit Amounts:

Maximum Lifetime LTCEB Rider Benefit Amount. The maximum benefit payable under the LTCEB Rider. It is equal to the number of months you elected on the application to receive LTCEB Rider benefit payments multiplied by the initial Maximum Monthly LTC Rider Benefit Amount. The initial Maximum Lifetime LTCEB Rider Benefit Amount is stated on the initial Policy Specification Pages.

Maximum Monthly LTCEB Rider Benefit Amount. The maximum monthly benefit available under the LTCEB Rider. The Maximum Monthly LTCEB Rider Benefit Amount is equal to the Maximum Monthly LTC Rider Benefit Amount. It is stated on the Policy Specification Pages. The initial Maximum Monthly LTCEB Rider Benefit Amount is set on the Policy Date. The Maximum Monthly LTCEB Rider Benefit Amount is recalculated any time the Maximum Lifetime LTCEB Rider Benefit Amount is recalculated.

Lifetime Total Maximum Amount of LTC Benefits. The maximum benefit payable under the LTC Rider, and the LTCEB Rider, if elected. This amount is equal to the Maximum Lifetime LTC Rider Benefit Amount, plus the Maximum Lifetime LTCEB Rider Benefit Amount if the LTCEB Rider is elected. The Lifetime Total Maximum Amount of LTC Benefits is stated on the Policy Specification Pages.

Lapse Protection Feature. While benefits are being received under the Riders, coverage under the Policy and attached Riders will not lapse; however, you must continue to pay your Scheduled Premium to maintain current Policy and rider benefit amounts. If the Accumulated Value is insufficient to cover all monthly deductions, any monthly deductions that would otherwise cause the Accumulated Value to be less than zero will be waived for the Rider benefit payment period. If there is Policy Indebtedness, as soon as you are no longer receiving LTC benefits, you may have to make sufficient loan repayment to prevent your Policy from lapsing.

ELIGIBILITY FOR PAYMENT OF BENEFITS. In order for Rider benefits to be payable, the total amount of benefits paid under the applicable Rider must not have reached the maximum lifetime Rider benefit amount under that Rider. Additionally, we must verify the following requirements have been met:

1. the Insured is Chronically Ill. This means, the Insured has been certified, within the preceding twelve months, by a Licensed Health Care Practitioner other than the owner or employee of an LTC Service Provider or Immediate Family of the Policy Owner or Insured, as:
 - a. being unable to perform, without Substantial Assistance from another individual, at least two Activities of Daily Living (i.e., Bathing, Continence, Dressing, Eating, Toileting, and Transferring) for a period of at least ninety days due to a loss of functional capacity; or
 - b. requiring Substantial Supervision to protect the individual from threats to health and safety due to severe Cognitive Impairment;
2. the Insured must be receiving Qualified Long-Term Care Services specified in a Plan of Care submitted to us;
3. the Elimination Period has been satisfied. The Elimination Period only has to be satisfied once while these Riders are in effect;
4. no exclusions as stated in the applicable Rider apply; and
5. the Policy Owner may be required to provide a signed acknowledgment of concurrence with the payment from all parties with an interest in the Policy, including, but not limited to assignees.

Recertification

At least once every twelve months, but no more frequently than every ninety days, a Licensed Health Care Practitioner must certify that the Insured requires Substantial Supervision to protect the individual from threats to health and safety due to severe Cognitive Impairment and/or is unable to perform, without Substantial Assistance from another individual, two or more Activities of Daily Living for at least ninety days due to a loss of functional capacity. Additionally, the Licensed Health Care Practitioner must either prescribe a new Plan of Care or reconfirm the existing Plan of Care.

Period of Care. A Period of Care begins immediately following the Insured being certified as Chronically Ill and receiving Qualified Long-Term Care Services. 3. occurs while this Rider is In Force.

A new Period of Care begins each time the Insured begins receiving Qualified Long-Term Care Services for a new condition or one unrelated to the current certification.

Substantial Assistance. Hands-on Assistance and/or Standby Assistance.

Substantial Supervision. Continual supervision by another person. This may include cuing by verbal prompting, gestures or other demonstrations and must be necessary to protect an individual with severe Cognitive Impairment from threats to his or her health or safety, such as may result from wandering.

1. intentionally self-inflicted injuries or attempts at suicide (either while sane or insane);
2. committing or attempting to commit a felony;

4. war or any act of war, whether declared or undeclared.

The receipt of Qualified Long-Term Care Services, due to preexisting conditions stated in the application, are covered under the Riders, subject to the eligibility requirements listed in the Riders. We will not pay benefits for Qualified Long-Term Care Services received wholly or in part due to a preexisting condition which is not disclosed in the application if the need for services begins during the first six months after the Policy Date.

THIS POLICY MAY NOT COVER ALL THE EXPENSES ASSOCIATED WITH YOUR LONG-TERM CARE NEEDS.

INTERNATIONAL BENEFITS. The LTC Rider provides benefits for Qualified Long-Term Care Services received outside of the United States or its territories or possessions, according to the requirements of the International Claims section of the LTC Rider. The available International LTC Rider Benefits are 100% of the Maximum Monthly LTC Rider Benefit Amount, until the Maximum Lifetime LTC Rider Benefit Amount is exhausted, while the Insured is receiving care outside of the United States. The LTCEB Rider does not provide benefits for Qualified Long-Term Care Services received outside of the United States, its territories or possessions.

As long as the Insured is receiving Qualified Long-Term Care Services outside of the United States, its territories or possessions, and is receiving International LTC Rider benefit payments, International LTC Inflation Protection Rider Benefit Payments are available if the Long-Term Care Fixed Rate Inflation Protection Rider is elected. International LTC Inflation Protection Rider Benefits available are 100% of the Maximum Monthly LTC Inflation Protection Rider Benefit Amount.

If the Insured returns to the United States and is determined to be eligible for benefits under the LTC Rider or LTCEB Rider, if elected, and Qualified Long-Term Care Services are provided in the United States, the Maximum Monthly LTC Rider Benefit Amount (or Maximum Monthly LTCEB Benefit Amount, if applicable), and the Maximum Monthly LTC Inflation Protection Rider Benefit Amount will be available until the Lifetime Total Maximum Amount of LTC Benefits is exhausted.

RELATIONSHIP OF COST OF CARE AND BENEFITS. Because the costs of Qualified Long-Term Care Services will likely increase over time, you should consider how the benefits of this plan may be adjusted, and whether you desire to adjust them. These Riders do not provide for inflation protection coverage; however, the optional Long-Term Care Fixed Rate Inflation Protection Rider is available.

INFLATION PROTECTION. Nationwide offers two riders for inflation protection needs: the Long-Term Care Indexed Rate Inflation Protection Rider and the Long-Term Care Fixed Rate Inflation Protection Rider. If you elect one of the optional Inflation Protection Riders at application, a monthly inflation benefit is paid in addition to the maximum monthly LTC Rider benefit, or maximum monthly LTCEB Rider benefit if the LTCEB Rider is elected. This optional Inflation Protection coverage can help long-term care benefits keep up with long-term care expenses as they increase over time. The maximum monthly inflation protection benefit available depends on the Inflation Protection Option that is in effect. You can choose 5% Compound Inflation Protection, 3% Compound Inflation Protection, 3% Simple Inflation Protection, or Indexed Inflation Protection as described below. Benefits under the Long-Term Care Inflation Protection Riders are noncumulative. If you reject the optional Long-Term Care Inflation Protection Riders by indicating so in the application, you will not be able to increase your benefits later. An additional premium will be charged based on the inflation option selected.

3% Simple Inflation Protection:

Under this option, the Maximum Monthly LTC Inflation Protection Rider Benefit Amount will increase on each Policy Anniversary by 3% of the Maximum Monthly LTC Rider Benefit Amount (or Maximum Monthly LTCEB Rider Benefit Amount, if applicable).

3% Compound Inflation Protection:

Under this option, the Maximum Monthly LTC Inflation Protection Rider Benefit Amount on the first Policy Anniversary will be equal to 3% of the Maximum Monthly LTC Rider Benefit Amount (or Maximum Monthly LTCEB Rider Benefit Amount, if applicable). On each Policy Anniversary afterwards, the Maximum Monthly LTC Inflation Protection Rider Benefit Amount will increase by an amount that is 3% higher than the previous year's increase.

5% Compound Inflation Protection:

Under this option, the Maximum Monthly LTC Inflation Protection Rider Benefit Amount on the first Policy Anniversary will be equal to 5% of the Maximum Monthly LTC Rider Benefit Amount (or Maximum Monthly LTCEB Rider Benefit Amount, if applicable). On each Policy Anniversary afterwards, the Maximum Monthly LTC Inflation Protection Rider Benefit Amount will increase by an amount that is 5% higher than the previous year's increase.

Indexed Inflation Protection: Under this option, the Maximum Monthly LTC Inflation Protection Rider Benefit Amount will be based on the greater of the performance of a Reference Index (subject to a floor rate and cap rate) and a fixed LTC Roll Up Inflation Rate. The shaded region in the graph below shows the range of possible values for the indexed inflation benefit based on a LTC Roll Up Inflation Rate of 2% and an Index Cap Rate of 6%.

The graph below shows the total of the Maximum Monthly LTC (or LTCEB) Rider Benefit Amount plus the Maximum Monthly LTC Inflation Protection Rider Benefit Amount over time for the available LTC Inflation Protection Types. The example shown is for an initial monthly benefit of \$3000.

ALZHEIMER'S DISEASE AND OTHER ORGANIC BRAIN DISORDERS. These Riders provide coverage for Insureds clinically diagnosed as having Alzheimer's Disease or related degenerative and dementing illnesses.
PREMIUM.

In addition to the fixed premium for the life insurance Policy, there are fixed premiums for the LTC Rider, LTCEB Rider, if elected, and Long-Term Care Fixed Rate Inflation Protection Rider, if elected. This Policy is noncancellable, meaning we guarantee that the Policy and all attached riders will not lapse as long as all Scheduled Premiums are paid and no Policy loans are taken. Please refer to your Policy for details on how deductions taken from the Accumulated Value may affect your Net Surrender Value and your Death Benefit Proceeds. Please refer to your sales proposal to see Scheduled Premiums for each benefit period and inflation protection option available.

ADDITIONAL FEATURES. These Riders will be medically underwritten.

Nonforfeiture Benefit. If the Policy enters the grace period due to nonpayment of Scheduled Premium, the Policy Owner will have the option to Surrender the Policy or elect the reduced paid-up insurance option of the Nonforfeiture section of the Policy, as long as the Minimum Specified Amount, as stated on the Policy Specification Pages, is met. Electing the reduced paid-up insurance option may result in a reduction in the Policy Specified Amount. This reduction in the Specified Amount will cause a reduction to the following values as of the effective date of that reduction: the Maximum Monthly LTC Rider Benefit Amount; the Maximum Lifetime LTC Rider Benefit Amount; Maximum Monthly LTCEB Rider Benefit Amount; the Maximum Lifetime LTCEB Rider Benefit Amount; and the Lifetime Total Maximum Amount of LTC Benefits.

Frequently Asked Questions

What is the difference between Cash Indemnity and Reimbursement plans?

Cash Indemnity plans provide a monthly check for the amount you elect up to the maximum amount of long-term care (LTC) benefit you qualify for, even if your expenses are less or you are not paying a caregiver, because it is not based on actual expenses incurred. No bills, receipts or any other type of monthly paperwork is required once a claim is approved as they are with reimbursement plans. Nationwide CareMatters II is a cash indemnity plan.

Reimbursement plans require the submission of bills and receipts each month for LTC costs incurred. These policies specify which types of LTC expenses are covered and you (or the facility) will only be reimbursed for the exact amount of qualifying expenses up to the maximum benefit amount.

Are there any limits as to how I can spend my monthly LTC benefit?

No. Once you qualify for benefits, payments (up to the maximum amount you qualify for) are sent monthly to the policy owner. Nationwide places no restrictions on how LTC benefit payments are used. Under certain circumstances benefits may be taxable. Please consult a tax advisor.

Do I have to take the maximum LTC benefit amount?

No. You may take less than the Maximum Monthly LTC Benefit Amount that you qualify for in your policy. Taking less money can help extend the length of time your benefit is available. However, if Inflation Protection is elected, the Maximum Monthly LTC Benefit Amount must be requested in order to receive the Inflation Protection benefit. Please be aware that a minimum allowable amount also applies to what you may request each month. Benefit planning decisions can be complex and have consequences. Please consult your LTC benefit planning advisor.

Will there still be a death benefit if I start using LTC benefits?

Yes. Your beneficiaries will receive either the policy death benefit reduced by the LTC benefits paid or the minimum death benefit, whichever is greater. Death benefit may be reduced by LTC benefits paid, outstanding loans, unpaid monthly deductions and partial surrenders.

How does Inflation Protection affect my policy?

Inflation Protection, if elected, will provide an additional amount to your Maximum Monthly LTC Benefit. The additional benefit provided by electing Inflation Protection helps offset rising LTC costs. Benefits provided by Inflation Protection are in addition to the Total LTC Benefits and Maximum Monthly LTC Benefit available. The benefit amount requested each month will be paid first from the LTC Rider (or LTCEB Rider) up to the maximum monthly LTC benefit and then from the Inflation Protection Rider up to the maximum monthly inflation benefit. Inflation benefits not taken in a given month will not be available in future months.

Can the policy lapse while I am collecting LTC benefits?

While the insured is receiving LTC benefits, your policy will not lapse. However, if you are in the Premium Payment Period and Scheduled Premium is not paid, then the policy will be converted to reduced paid-up insurance and the monthly LTC benefit will be reduced. Note that if you elected the pay-to-age-100 premium payment option, the portion of the premium that pays for long-term care (i.e., LTC Rider, LTCEB Rider, Inflation Protection Rider) will be waived while LTC benefits are being paid. Please refer to the Premium Summary page for Premium detail.

If there is Policy Indebtedness, as soon as you are no longer receiving LTC benefits, you may have to make sufficient loan repayment to prevent your Policy from lapsing.

Can I use my CareMatters benefits for more than one LTC claim?

Yes. If you receive benefits for a LTC claim and then recover, you may use any remaining available LTC benefits for future LTC claims. Future claims do not have to be related to the original claim. Each claim must meet the eligibility requirements of the LTC Rider or LTCEB Rider. You may use your LTC benefits multiple times until they are exhausted.

How would inflation work once I recover and I am no longer on claim?

Upon recovering from a claim, your remaining available LTC benefits will continue to inflate and will be available for any future claims that may arise.

What is HIPAA?

HIPAA stands for the Health Insurance Portability and Accountability Act. HIPAA establishes a per diem amount. The HIPAA per diem amount usually increases each year. For 2019, it is \$370 per day (or \$11,100 in a 30-day month).

How much of my LTC benefit will be tax-free?

The amount of tax free LTC benefits you can receive across all policies in a given year is the greater of:

- The HIPAA per diem amount for that year, or
- The actual qualified long-term care expenses incurred

Do I have access to my cash value?

Yes. Loans and partial surrenders are allowed on this policy. However, loans and partial surrenders will decrease the death and LTC benefits. No loans or partial surrenders are permitted while LTC benefits are being paid. The policy may also be surrendered at any time for its Net Surrender Value which can be seen in the Tabular Detail of the Sales Proposal.

Why is the death benefit higher at issue?

The Internal Revenue Code requires a minimum death benefit relative to the policy's Cash Value based on your age. This requirement can result in a minimum required death benefit greater than that produced by the elected Specified Amount and is why the Net Death Benefit may be higher in some years. Please refer to the Tabular Detail for specific values in a given year.

How do I qualify for LTC benefits?

The following things must happen in order for you to qualify for monthly LTC benefits.

1. Your U.S.-licensed health care practitioner must certify the Insured as:
 - a. requiring Substantial Supervision to protect the individual from threats to health and safety due to severe Cognitive Impairment, and/or
 - b. being unable to perform, without Substantial Assistance from another individual, two or more of the Activities of Daily Living for at least ninety (90) days due to a loss of functional capacity
2. Upon filing a claim, a Plan of Care must be submitted describing the LTC services needed for treatment (whether formal or informal); the Plan of Care and condition(s) in item 1 must be recertified at least once annually by a U.S.-licensed health care practitioner.

When will I start receiving my LTC Benefits?

1. There is a 90-calendar day elimination period beginning immediately after the date you're certified as chronically ill and start receiving LTC services.
2. Once the 90-calendar day elimination period has been met, LTC benefits for the first 90 days will be paid along with LTC benefits for month four.
3. Upon meeting the elimination period, it is satisfied for life of the policy in the event you have more than one LTC claim.

Is there special pricing available if both my spouse and I buy a policy?

Individuals who are married or in a legally recognized domestic partnership or civil union receive a lower rate that will result in a larger pool of LTC benefits for the same cost or the same pool of LTC benefits at a lower cost, depending on which is requested. This rate is applied if one or both spouses purchase a policy.

Can I pool benefits with my spouse or transfer benefits?

No. Each spouse must purchase his or her own policy, and no benefits can be transferred between policies.

What if I only use some of my LTC benefits?

Your beneficiaries will receive either the remaining policy death benefit not used for LTC benefits or the minimum death benefit, whichever is greater.

Are any expenses excluded from coverage?

Nationwide places no restrictions on how the benefits are spent.

All guarantees and benefits of the insurance policy are backed by the claims-paying ability of the issuing insurance company. Policy guarantees and benefits are not backed by the broker/dealer and/or insurance agency selling the policy, nor by any of their affiliates, and none of them makes any representations or guarantees regarding the claims-paying ability of the issuing insurance company.

Nationwide CareMatters® II is a cash indemnity product that pays LTC benefits when the insured person is certified to have a qualifying condition and a need for LTC services. Bills and receipts showing actual expenses do not have to be submitted for payment of benefits once a claim has been approved. Each year, the policyowner can receive, tax free, the greater of the HIPAA per diem amount or actual LTC costs incurred. However, benefits may be taxable under certain circumstances. You may receive, tax free, the greater of the HIPAA per diem in the year of your claim or your actual qualified LTC expenses incurred. Taxpayers should consult with their tax and legal advisors about their specific situation.

Keep in mind that the payment of long-term care rider benefits, as an acceleration of the death benefit, will reduce both the death benefit and cash surrender values of the policy. Additionally, loans and withdrawals will also reduce both the cash values and the death benefit.

Care should be taken to make sure that life insurance needs continue to be met even if the rider pays out in full or after money is taken from the policy. There is no guarantee that the rider will cover the entire cost for all of the insured's long-term care, as this may vary with the needs of each insured. Nationwide pays the long-term care benefit to the policyowner; there is no guarantee the policyowner will use benefit payments to pay for the insured's care.

When choosing a product, make sure that life insurance and long-term care insurance needs are met. CareMatters II is not intended to be a primary source of life insurance protection, so make sure life insurance needs have been covered by appropriate products.
