Why LTC coverage may be a better option

Consider a linked benefit policy

Unlike a traditional long-term care policy, a linked benefit policy offers more than just LTC benefits - it's linked to a life insurance policy with a death benefit typically equal to or more than premiums paid. That means a benefit is paid whether you need LTC or not.

Let's take a closer look:

A linked benefit policy

The policy is an asset that's not tied to the market so it's ready anytime to provide funds for potential LTC needs²

LTC benefits

The amount you receive each month to help pay for your long-term care needs.

Death benefit

The death benefit preserves this asset for the beneficiaries to the extent that LTC is not needed and typically returns at least the premium paid or more if LTC benefits have never been paid.

Liquidity

The policy will remain a liquid asset in the form of the cash surrender value

²The insured must meet LTC claims requirements.

Proposal Details (continued)

Guaranteed Minimum Death Benefit - \$27,082 is 20% of the Specified Amount quoted. As long as your policy stays in force, we guarantee we will pay your beneficiaries a death benefit, even if the death benefit amount quoted is exhausted by the payment of LTC benefits. This death benefit will be lower if loans or partial surrenders are taken.

Inflation Protection Option (Long-Term Care Fixed Rate Inflation Protection Rider Form # ICC18-NWLA-586) - Nationwide CareMatters II offers Inflation Protection Options of either 3% Simple, 3% Compound, 5% Compound or the U.S. Medical Care Inflation Option. You have elected the 3% Compound inflation option. The monthly benefit provided by the Inflation Protection Rider is not included in the Total LTC Benefit Amount. This rider must be selected at the time of application and can't be changed after issue.

LTC Specified Benefit Period - 6 years is the benefit period you have selected. This represents the total period of time LTC benefits may be paid under your policy if the Maximum Monthly LTC Benefit is taken continuously. This includes a 2 Year LTC Rider Specified Acceleration Period and a 4 Year LTC Extension of Benefits Rider Specified Extension Period. Your specified benefit period must be selected at the time of the application and may not be changed after issue. However, taking less than the Maximum Monthly LTC Benefit may extend the length of time over which benefits are payable.

LTC Rider (Form # ICC18-NWLA-584) - Is the rider that provides LTC benefits as an acceleration of the death benefit.

LTC Extension of Benefits Rider (Form # ICC18-NWLA-585) - Is the rider that provides benefits once the benefits provided by the LTC rider are exhausted.

Key Policy Features & Terms

Accelerated Death Benefit (ADB) for Terminal Illness Rider (ICC13-NWLA-495)

- The rider is attached to the policy at the time the policy is issued.
- There is no upfront charge for this rider; however, charges and adjustments will apply at the time the claim is approved.
- The receipt of an accelerated death benefit payment may be taxable or may affect Medicaid or public assistance eligibility. Nationwide does not provide tax or legal advice, so you should consult your personal financial advisor to assess the impact of this benefit.
- Nationwide reserves the right to require the base policy Specified Amount be at least \$50,000 on the Benefit Effective Date; the remaining Specified Amount, after payment of the ADB Rider Benefit, must be at least the minimum Specified Amount.

The reduction factor includes the cost of accessing the death benefit early. Benefits provided by other riders may also be impacted or require termination when a benefit under the Critical Illness Rider is paid.

Benefits may be taxable under certain circumstances. Consult your tax advisor.

IRC Section 7702 - Provides the rules for the tax qualification of life insurance. The CVAT test requires we pay a minimum death benefit based on Corridor factors. These factors are defined in section 7702 of the IRS code, and are dependent upon age, class, gender, and rating. If the amount calculated using these Corridor factors in the CVAT is greater than the Specified Amount, then the "Death Benefit" is that higher amount as calculated.

IRC Section 7702B - Provides the rules for the tax qualification of life insurance. The LTC Rider and the LTCEB Rider are intended to be qualified long-term care insurance contracts under Section 7702B of the Internal Revenue Code of 1986, as amended.

Issue Age - Is the insured's age on the last birthday on or before the policy issue date.

Licensed Health Care Practitioner - A Physician, as defined in § 1861 (r)(1) of the Social Security Act, as amended; a registered professional nurse; licensed social worker; or other individual who meets requirements prescribed by the Secretary of the Treasury. The Licensed Health Care Practitioner must be acting within the scope of his or her license when providing: (a) a certification and/or recertification that the insured is Chronically Ill; or (b) an individualized Plan of Care for the Insured.

Loans (Indebtedness) - Is the amount borrowed against the Net Surrender Value during the policy year. Any outstanding policy indebtedness will be charged interest at the policy loan interest rate of 4.00% as defined in the policy. Any outstanding policy indebtedness will result in a reduction in the policy's Net Surrender Value, Death Benefit, Total LTC Benefit, and LTC Benefits.

Maximum Monthly LTC Inflation Protection Rider Benefit - Is the full amount of the benefit available under the Inflation Protection Option after the Maximum Monthly LTC Benefit is taken. This amount is in addition to the Maximum Monthly LTC Benefit. Please consult your policy specification pages for details.

Modified Endowment Contract (MEC) - This proposal is a MEC as defined by the guidelines of a MEC as defined by Section 7702A of the Internal Revenue Code. A life insurance policy where premium payments made during the first seven years of the contract, or during the first seven years after a material change, exceed the Modified Endowment Premium limit as defined by section 7702A of the Internal Revenue Code. Withdrawals and loans from these contracts are subject to less favorable tax treatment than distributions from policies which are not Modified Endowment Contracts. This does not apply to distributions for LTC benefits.

Nationwide Care Guide Network® - Is a service provided by a non-affiliated third party and included at no additional charge. It provides policy owners, insureds and their family members, with free consultations and tailored information to help implement your plan of care. You have no obligation to use these services which are currently provided through a non-affiliated third party. There is no separate additional charge for this service. This service is subject to availability.

Net Surrender Value - Is the Cash Surrender Value of this policy minus any indebtedness and minus the Unpaid Monthly Deductions Account if applicable.

Narrative Summary

Key Policy Features & Terms (continued)

Net Death Benefit - Is the death benefit amount that will be paid to your beneficiary if the insured dies while the policy is in-force. This amount is net of any outstanding Policy Indebtedness and LTC benefits paid. Assuming no Loans, Partial Surrenders or LTC Benefits have been paid, this amount will never be less than the total Premiums paid. The Net Death Benefit may be higher in some years based on the Specified Amount, Accumulated Value, Guaranteed Cash Value, Return of Premium Value, and the IRC 7702 corridor factors.

Partial Surrenders - Is the amount of money withdrawn during the policy year. Partial Surrenders will result in the reduction of the Cash Surrender Value, Death Benefit, Total LTC Benefit and Monthly LTC Benefit.

Scheduled Premium - Is the amount of Premium required on the first day of the premium payment frequency for the Premium Payment Period you selected.

Surrender Charges - Is the amount deducted from the Accumulated Value in the event the policy owner surrenders the policy for cash during the applicable period. At no time will the deduction of the surrender charge cause the policy owner to owe additional funds to Nationwide.

Total Monthly Benefit - is the total benefit amount available to you every month. If an inflation protection option is elected, the Total Monthly Benefit you receive will be the Maximum Monthly LTC Benefit plus the Maximum Monthly Inflation Benefit. The full Maximum Monthly LTC Benefit must be taken before the Inflation Protection Rider Benefit is available.

Total Received On Surrender - The total dollar amount that will be paid upon surrender of the policy. The Total Received on Surrender is equal to the Net Surrender Value plus any Refund of Premium amount provided by the Refund of Premium option elected.

Unpaid Monthly Deductions Account - An account used for tracking purposes. This account accrues unpaid Policy charges and monthly deductions when Indebtedness exceeds the Accumulated Value. No interest is credited to the Unpaid Monthly Deductions Account. Interest charged on the Unpaid Monthly Deductions Account accrues at the same rate as Indebtedness, and is applied to the Unpaid Monthly Deductions Account.

* The Max Monthly LTC Benefit + the Max Monthly Inflation Rider Benefit = The Total Monthly Benefit available. The full Max Monthly LTC Benefit must be taken before the Monthly Inflation Protection Rider Benefit can be taken. The benefit provided by the Inflation Rider will not be added to, nor will it increase or decrease the Total LTC Benefit, the Maximum Lifetime LTC Rider Benefit Amount, the Maximum Lifetime LTCEB Rider Benefit Amount or the Lifetime Total Maximum Amount of LTC Benefits.

** The values shown assume you collect the full amount of LTC Benefits continuously for the full six year LTC Specified Benefit Period you elected and you are receiving qualified LTC services in the United States. Any Monthly Inflation Rider Benefit not taken in a given month will be forfeited. Benefits shown are cumulative over the six year LTC Specified Benefit Period you elected. For example, if you go on claim in year 11 the total benefit \$588,568 would encompass claim years 11-16.

*The Max Monthly LTC Benefit + the Max Monthly Inflation Rider Benefit at age 80 = The Total Monthly Benefit available at age 80. The full Max Monthly LTC Benefit must be taken before the Monthly Inflation Rider Benefit can be taken. The benefit provided by the Inflation Rider will not be added to, nor will it increase or decrease the Total LTC Benefit, the Maximum Lifetime LTC Rider Benefit Amount, the Maximum Lifetime LTCEB Rider Benefit Amount or the lifetime Total Maximum Amount of LTC Benefits.

**The values shown assume you collect the full amount of LTC Benefits continuously for the full LTC Specified Benefit Period you elected at the beginning of Day 1 or age 80 and you are receiving qualified LTC services in the United States. Any Monthly Inflation Rider Benefit not taken in a given month will be forfeited. Benefits shown are cumulative over the LTC Specified Benefit Period you elected.

***The Inflation Crossover Age is the age that the Total Monthly Benefit is equal to or greater than the Max Monthly Benefit with no inflation added.

All guarantees and benefits of the insurance policy are backed by the claims-paying ability of the issuing insurance company. Policy guarantees and benefits are not backed by the broker/dealer and/or insurance agency selling the policy, nor by any of their affiliates, and none of them makes any representations or guarantees regarding the claims-paying ability of the issuing insurance company. Nationwide CareMatters II is a cash indemnity product that pays LTC benefits when the insured person is certified to have a qualifying condition and a need for LTC services. Bills and receipts showing actual expenses do not have to be submitted for payment of benefits once a claim has been approved. Each year, the policy owner can receive, tax free, the greater of the HIPAA per diem amount or actual LTC costs incurred. However, benefits may be taxable under certain circumstances. You may receive, tax free, the greater of the HIPAA per diem in the year of your claim or your actual qualified LTC expenses incurred. Taxpayers should consult with their tax and legal advisors about their specific situation.

Keep in mind that the payment of long-term care rider benefits, as an acceleration of the death benefit, will reduce both the death benefit and cash surrender values of the policy. Additionally, loans and withdrawals will also reduce both the cash values and the death benefit. Care should be taken to make sure that life insurance needs continue to be met even if the rider pays out in full or after money is taken from the policy. There is no guarantee that the rider will cover the entire cost for all of the insured's long-term care, as this may vary with the needs of each insured. Nationwide pays the long-term care benefit to the policy owner; there is no guarantee the policy owner will use the benefit for long-term care expenses if the policy is owned by someone other than the insured.

When choosing a product, make sure that life insurance and long-term care insurance needs are met.
